LUBRICANT OIL

## Universal Lubricant & Creeping Oil

This product is a direct jet-spray to be used as a universal oil to lubricate and protect metal and plastic parts. It is suitable to unfasten rusted nuts and bolts, remove/avoid squeaking/creaking noises, grease and lubricate runners, joints, hinges and chains. This is a typical 5-in-1 product, acting as a rust remover, lubricant, contact spray, cleaner and corrosion preventative at the same time.

Performance WD offers many advantages and can be used as an all-service products in many fields of applications such as tool protection, corrosion protection, squeaking parts, moisture resistant in places where electronic applications are used, contact cleaner and many more.

Good penetrating qualities, moisture repellent, good cleansing effects, rust preventative properties, does not contain silicone, water or wax, free of graphite, working temperature range -20 up to 120°C.

e 400ml
